

## AC CURRENT METER

### Application:

The panel meter is suitable for measuring the AC average current. In case of a regular sine wave the display is equal to the effective value.

#### Important features:

- Full digital operation (Icom System).
- LED display range: 9999.
- Preset delivery or connecting to external device can be set (monlcom option).
- Automatic zero calibration.
- Plug in terminal blocks with screw.
- EMC compliance.
